# About Lloyds TSB Foundation

Every year the Lloyds TSB Foundation funds thousands of charities working to tackle disadvantage across England and Wales. Its focus is on supporting small and medium under-funded charities that can make a significant difference to the lives of disadvantaged people by helping them to play a fuller role in the communities of their choice.

The Foundation's mission is to support and work in partnership with registered charities which help disadvantaged people to play a fuller role in communities throughout England and Wales.

The Lloyds TSB Foundation for England and Wales is one of the UK's leading independently run charitable grant-making trusts – funding thousands of charities each year working at the heart of local communities to tackle disadvantage and helping empower those people on the margins of society.
