

**CONTENTS**

<b>Executive Summary</b>	<b>3</b>
<b>1. Introduction</b>	<b>4</b>
Part IIA of the Environmental Protection Act 1990	4
Definition of contaminated land	4
Part IIA interactions with other regimes	6
Role of the Council under Part IIA	6
Role of the Environment Agency under Part IIA	7
Development of the Strategy	7
Strategic approach to inspection	7
Council aims and priorities	8
Council objectives of the Strategy	8
Internal management arrangements	9
Statutory consultation	9
Consultation during implementation of the Strategy	9
Strategy review	9
<b>2. Borough Characteristics</b>	<b>10</b>
Introduction	10
The Borough	10
Geology and hydrology	10
Surface water	10
Geology and groundwater	10
Ground gas	11
Historical land use and development	11
Current land use characteristics	12
Industry	12
Residential land	12
Buildings	12
Open space	12
Council land	13
Previous remediation in respect of contaminated land	13
Future land use change	13
<b>3. Procedure for Identifying Potentially Contaminated land</b>	<b>16</b>
Introduction	16
Information collection	17
Urgent sites	18
Information management system	18
Identification of sources of contaminants, pathways and receptors	18
Site prioritisation	18
Site investigation	19
Site reconnaissance	19
Intrusive site investigation	20
Risk assessment	20
Priorities and timescale for implementation of the inspection strategy	21
<b>4. Determination and remediation of contaminated land</b>	<b>22</b>
Introduction	22
Determination of contaminated land	22
Designation of special sites	22
Identification of Appropriate Person(s)	23
Securing remediation of contaminated land in the borough	24
Remediation as part of the redevelopment process	24
Remediation under Part IIA	24
Council remediation of contaminated land where it is the appropriate person	25
Council remediation of contaminated land where it is not the appropriate person	25
Preventing Council acquisition of further liabilities	25

<b>5. Information Management, Communication and Review</b>	<b>26</b>
Information management	26
Data Input	26
Contaminated land information supply	26
Information protection and tagging	26
Data management	27
Data output	27
Public register	27
Land search	27
Provision of information to the Environment Agency	27
Other requests for information	28
Complaints	28
Communication and Liaison	28
Council Contaminated land Risk Communication Strategy	28
<b>Appendices</b>	<b>30</b>
Appendix 1 Contact details	30
Appendix 2 List of potentially contaminative land uses	32
Appendix 3 Classification of 'harm' and 'significant harm'	33
Appendix 4 Unitary Development Plan policy on contaminated land	37
Appendix 5 Definition of special sites	38
Appendix 6 Glossary of terms	40
Appendix 7 References	44
<b>List of tables</b>	
Table 1.1 Interacting regimes for dealing with contaminated land	6
Table 2.1 Potentially contaminative land uses in the borough	12
Table 3.1 Information collection	17
Table 3.2 Further information collection	19
Table 3.3 Risk assessment guidelines	21
Table 3.4 Provisional timetable for implementation of the Strategy	21
<b>List of boxes</b>	
Box 1.1 Definition of contaminated land	4
Box 1.2 Definition of a 'special site'	7
<b>List of figures</b>	
Figure 1.1 Pollutant linkage	5
Figure 2.1 Location of LB Hammersmith & Fulham <i>map</i>	14
Figure 2.2 Borough characteristics <i>map</i>	15
Figure 3.1 Procedure for inspection, determination and remediation of contaminated land	16
Figure 4.1 Procedure for determining sites as contaminated land	22
Figure 4.2 Identification of appropriate person(s)	23
Figure 4.3 Enforcing remediation under Part IIA	24
Figure 5.1 Information management system	26
