Health and Safety Policies

Any business employing **five** or more people has, by law, to prepare and bring to the attention of employees a written Health and Safety Policy Statement.

A Health and Safety Policy usually consist of three distinct sections namely:

General Policy Statement – a short statement outlining the organisation’s commitment to Health and Safety, **signed and dated** by the senior organisation official (for example, Managing Director).

Organisation - how the organisation addresses health and safety; lines of communication between managers and staff; and any specific duties/responsibilities assigned within the organisation – this should be relatively straightforward for smaller organisations.

Arrangements – *the systems and procedures in place for ensuring employees’ health and safety at work.*
