

Parking Permit Charges from 1st July 2009

As part of the Council's parking policy we review our parking permit charges on an annual basis. We are pleased to confirm that for the second year in a row we will not be increasing the price of the first residents parking permit. However, this year we will be increasing the price of the first business permit and both resident and business second permits as outlined in the table below.

These increases will apply to all permit renewals starting from 1st July 2009.
