

Parking Permit Charges from 1st May 2008

As part of the Council's parking policy we review our parking permit charges on an annual basis. We are pleased to confirm that we will not be increasing the cost of a residents' parking permit in 2008. However this year we will be increasing both business and resident second permits as outlined in the table below.

These increases will apply to all permit renewals starting from 1st May 2008.
