

Publication of Verification Number

Requirements for any petition for a referendum for a change of governance
Local Authorities (Referendums)(Petitions)(England) Regulations 2011
(SI 2011 No, 2914).

Under the above regulations, local authorities are obliged to publish a “verification number” which equates to the minimum number of signatures required on petitions requesting a referendum on the question of whether the Council should change to a different form of governance.

For the London Borough of Hammersmith & Fulham the minimum number of signatures is:

6356

This represents 5% of local government electors shown on the Register of Electors in force as at 15 February 2024.

The number will be used to check any petition presented between 15 February 2024 and 31 March 2025.
