Brendan Smith
Chair - Better Brackenbury

Better Brackenbury – Acknowledgment Receipt of Recommendations Report

Dear Brendan,

Thank you for your email dated 18th March 2022 and the Recommendations Report you have submitted on behalf of the Better Brackenbury Working Party.

Having reviewed the Report, I can see that it provides a comprehensive summary of the fantastic work the Better Brackenbury Working Party have undertaken over the past six months, to set out a vision for Brackenbury.

I would like to personally thank you for your contributions in getting to this point and developing an outstanding vision for the Village. Please do extend my thanks to all other members of the Working Party for their continued dedication and inputs to the group.

Now that the Recommendations Report has formally been submitted to me, the Transport Strategy Team will work together with the Traffic, Climate Change and Parking Teams to assess the aspirational proposals put forward, and confirm feasibility, impacts and costing assessments of the proposals.

Following this feasibility exercise, the Council will consider the series of measures required. Any design proposals and anticipated implications will be subject to wider formal public consultation. I anticipate this wider public consultation to take place in July of this year.

I am confident that further development of the Better Brackenbury initiative will contribute towards the Council's set target for the Borough to be net carbon zero by 2030, and help to promote healthier and greener travel options, and improve biodiversity. The Council look forward to working with Better Brackenbury to achieve this.

If you need any further information, feel free to contact me using the email address at the top of this letter.

Kind Regards,

A handwritten signature in black ink, appearing to read 'Wesley Harcourt', written over a faint, illegible printed name.

Councillor Wesley Harcourt
Cabinet Member for the Environment
