FOREWORD

The London Borough of Hammersmith and Fulham is fortunate enough to have 43 conservation areas covering almost half the Borough. These have been designated in recognition of the importance of the historic and architectural heritage in our Borough. As Deputy for Environment and Contract Services, I am committed to the preservation of these areas with the help of residents and local groups, so that they continue to enhance the quality of life in the Borough and so that they survive as good examples of our heritage for future generations.

This Profile describes the special character of the Dorcas Estate Conservation Area identifying buildings of note, interesting historic facts and showing how the buildings, open spaces and streets work together to create an environment worthy of protection.

I would like to thank all local groups who helped to prepare these Profiles, in particular the Hammersmith and Fulham Historic Buildings Group under the dedicated leadership of Angela Dixon, the Fulham Society and the Hammersmith Society. Through the consultation process the documents have evolved to represent not only officers' assessments of the conservation areas, but those of the local amenity societies and residents groups active in each area. I hope these Profiles will now provide extra assistance in the stewardship and preservation of what is best in the Borough.

A handwritten signature in black ink, appearing to read 'M. Cartwright'.

Councillor Michael Cartwright
Deputy for Environment and Contract Services
