19th October 2016

Dear Residents,

Change of resident parking permit zone

We have received a number of requests from parking permit holders in Lily Close and More Close, asking for their on street parking permit to be changed from CPZ E to CPZ A. This change of zone has now been agreed and the Council systems have been updated.

What this means for you

If you are a resident of Lily Close or More Close and are entitled to an on-street parking permit, you are now entitled to a parking permit for CPZ A. Your current permit is still valid and you don't have to do anything, however if you want to change your existing permit to the new zone you can now do this with the pay & park team at the Town hall. Otherwise when you come to renew your parking permit you will be advised that your zone has been changed.

What if you want to keep your Zone E permit?

If you would rather continue to have a parking permit for Zone E, please contact marta.kiraly@lbhf.gov.uk who will arrange for you to be issued a zone E permit. Please do this before you renew your permit.

These changes have been made in response to requests from residents and the responses to the parking consultation that took place last year.

Yours faithfully,

Marta Kiraly
Parking Project Engineer
